

Role: Reporter (Clean Energy Pipeline)

Application deadline: 13 March 2020

Venture Business Research Ltd. seeks a Reporter to cover financial and policy news in the alternative energy sector for Clean Energy Pipeline, a London-based news and financial data service (cleanenergypipeline.com).

Clean Energy Pipeline's news team requires an enthusiastic, diligent and hard-working news reporter that has a keen interest in environmentalism and the renewable energy sector.

The successful candidate will work alongside our news team in London, delivering the latest market news, policy changes, investments, and corporate announcements affecting the global clean energy industry.

Clean Energy Pipeline is the leading independent source of news, data and analytics for the renewables finance industry. Subscribers receive access to a real-time data platform covering clean energy finance transactions across every global market, including Project Finance, M&A, Public Markets, Green Bonds and Venture Capital & Private Equity.

Our dedicated newsroom features news, opinion pieces and in-depth interviews with senior-level executives, investors, advisers, and policy makers.

Requirements:

- Great attention to detail;
- Excellent written and spoken English;
- Knowledge of Content Management Systems;
- Strong organisational and time-management skills;
- Good analytical skills;
- An understanding of the financial sector;
- NCTJ or equivalent training.

Interested candidates should apply by emailing a CV, cover letter, and a few writing samples to newsroom@cleanenergypipeline.com
